Uni-7 Series

The Uni-7 line offers its own set of unique features. Starting with the color touchscreen, users can customize their display with their own color photos. Positive input response allows users to feel a tactile sensation and hear a beep when the screen or a button is pressed. Save space and time with a front-loading label cassette. The Uni-7 also operates in several different languages, and provides PC like capabilities to support Intranet store browsing.

Uni-7 Hanging
PRICE-COMPUTING SCALE/PRINTER/ COLOR TOUCHSCREEN

Ishida's Uni-7 is the only color-touchscreen hanging scale on the market. This suspended ergonomic design holds product within a bowl-shaped pan, while keypad and display are kept at eye level away from moisture.

Uni-7 Elevated Keypad
PRICE-COMPUTING SCALE/ PRINTER/COLOR TOUCHSCREEN

The elevated display offers additional ergonomic benefits to many types of work areas. Available with an optional receipt printer and color customer display.
